## Grades garden login padres

Top of Page Skip to Content Main Chicago Public Schools is excited to announce that starting April 22, 2019, Parent Portal will be replaced with a new system called Aspen. Aspen will provide the same features as the old parent portal, adding new features, including graduation requirements, student fees, and a new easy-to-use mobile interface. IMPORTANT NOTE: To access the new Aspen parent portal, all users of the current portal and parents interested in creating an account for the first time must set up a new account. Existing parent portal accounts will not be automatically transferred to Aspen. Follow these steps to set up a new aspen parent portal account. How do I create a parent portal account? Contact the school to provide the updated email address and request a parent portal account in Aspen. Once the parents' contact information has been verified by the student's school, parents will receive an enrollment email from Aspen. If you don't receive the sign-up email, we recommend checking your Spam folder. If you can't locate the email, contact your school for assistance. I've received emails from my school in the past, why don't you have my email on file for Aspen? Although your school may have your email address on file, it may not have been added to the previous student information system, IMPACT SIM. Only email addresses in the SIM have been moved to Aspen. I had a Parent Portal account before I changed to Aspen, why don't I have one now? Security features, such as login credentials, prevent us from transferring accounts from one system to another. I received an email to create a parent portal account in Aspen, are there additional resources that can be useful for the installation process? Here is a short video that guides you through the setup process. I have multiple children in CPS, but I don't have access to the parents portal for all of them. How can I fix this? If you experience this problem, contact your school. There are a few reasons why this could happen, which we have listed below for your reference. Your school will be able to determine which of these reasons is causing the problem and fix it for you. We haven't listed you as a contact in Aspen for your kids. The previous system contained multiple accounts for you, possibly with conflicting information (for example, different names, home addresses, email addresses, phone numbers). In Aspen, contact information must be verified and merged into a single account for all children to appear in the parent portal account. This allows for more efficient security and management. Your school can help ensure the correct contact record is linked to your children. Windows operating system, such as XP or Vista; and Internet Explorer versions 6 or 7 or recent versions of Firefox or Safari. The parent portal also supports Konqueror on the Linux platform. - Minimum Windows requirements: 486/66-MHz processor; Windows 98; 16 MB of RAM; RAM; MB of free hard disk space. For the Mac OS 9 operating system; and Internet Explorer 5.17, Firefox, or Safari; or Mac OS X operating system; and Internet Explorer 5.2 or later, Firefox or Safari. For more information about Aspen features, see the videos below: Infinite Campus Parent Portal New Parent Portal User - Part 1 - Request a Parent Portal Activation Key To request a parent portal activation key: Visit the Key Activation Search page of the parent portal What you need

before registering: Your child's student number (can be found on your student's report or transcription tab). The last four digits of the child's Social Security number (NHS) or the NHS-like number assigned to the child. If you did not provide your child's NHS at the time of enrollment/registration, they were assigned an NHS-like number. To receive the last four digits of that number, you will need to contact your child's school. How to get your child's GTID Your child's Georgia Testing Identification Number (GTID) can be found in the parent portal by following the following steps: Sign in to the parent portal Select more (on the left side of the screen - in the black box) Select GTID (in the middle of the screen - in the white box) The GTID number will be populated and you can copy and paste into the The application You can switch between students in your family in the upper right corner of the screen : if the student does not have a GTID number, please contact the school to verify that all the requested information has been sent New Parent Portal User - Part 2 - Account creation first time Parents/ Guardian should go to the login page of the parent portal. Select New User? to open the Campus Portal Activation Key option. Enabling the Campus Portal Accounts screen Will see another & new user?. Enter the activation key assigned to the user. Once the activation key has been used to create an account, it cannot be used again. Click the Send button. The activation key will be verified, and once approved, a screen will ask the user to create a username and password. Create your user name and password Enter a user name. Use an alphanumeric user name (both letters and numbers). Enter a Password. Use an alphanumeric password. Passwords must be at least 6 characters long. If the system preferences have been set to require a strong password, it must meet three of the four qualifications: a lowercase letter (a, j, r, etc.) A capital letter (A, J, R, etc.) A number (3, 7, 1, etc.) A symbol (Section, %, and so on) Re-enter the password in the Verify Password field. Click the Create Account button. For username and/or password: Select your forgotten password? and an email will be sent to the registered address. This will include guidance for the password reset process. Select the You forgot your username check box? and an email will be sent to the registered address containing your username. Users can request to receive the forgotten username up to 5 times a day. on the sixth attempt the user will be blocked account and will have to wait the next day to try again. All usernames associated with the email address you enter will be listed in the email. If you can't reset using the online reset feature, send a Let's Talk ticket. OCTOBER MONTH OF PEACE Since the foundation of our institution we have called the month of October as the month of peace. Year after year we try to promote in our students the six values that form their character, showing our motto: Equipping a learner for life, those values such as: HONESTITY, RESPECT, RESPONSIBILITY, JUSTICE, GOODNESS and SOCIAL AWARENESS, which are so necessary to live in harmony and society. It is up to all of us to eradicate the messages and attacks of violence to which we are constantly exposed, by our example and by our actions. We urge them to be beings of PEACE and to infect the world with it. We would like to congratulate this group of talented teachers who have joined the initiative to record this video and raise their voices to bring you and the whole world a message of peace. LET'S VIRAL THE WORD #PAZ ! Emadrian Bilingual School, which makes all the difference! Long live PEACE! . . . #EmadrianBilingualSchool #PuertoRicoDeseaPaz #usvalorescuentan #peaceday2020 #peaceday #paz The District has a new Student Information System (SIS) for the 2020-2021 school year. HISD Connect by PowerSchool includes information about students' contacts, enrollments, and demographics, as well as online grades and resources. Parents will be assigned a unique code, or login ID, for each of their students and will be able to use those codes to set up an account to access their students' profiles through a new parent portal. Parents will receive the student's access ID from their school by September 14. Parents who have not received the student's login ID should contact their school. Access to the system for administrators, chancellors and other administrative staff of the school. Access to the exclusive system for headteachers and staff responsible for the school's statistical reports. Access to the system of teachers of participating schools. Access to the system for financial staff or school credit managers. Access to the system for school security personnel. Access to the system for school students. Access to the system for mothers, parents, grandparents or student leaders. Students.
